Sir:

The attention of the U.S. Patent and Trademark Office is further directed to the references listed in the attached Form PTO/SB/08A, which were just cited in the above-referenced Office Actions from the related cases. Pursuant to the Office's October 12, 2004 OG Notice, it is understood that 37 C.F.R. §1.98 no longer requires submission of a copy of each cited U.S. patent and published patent application, unless such copies are specifically required by the Office. Accordingly, copies of these are omitted. A copy of the other listed references is enclosed.

Applicant submits this information so that the Patent and Trademark Office may, in the first instance, determine any materiality thereof to the claimed invention. It is respectfully requested that the information be formally considered during the prosecution of this application, and that the listed references appear among the "References Cited" on any patent to issue herefrom.

The present Information Disclosure Statement is being filed after the August 18, 1005 mailing date of the Notice of Allowance. Pursuant to 37 CFR §1.97(d), this Statement is

accompanied by the \$180.00 fee specified in 37 C.F.R. §1.17(p). If there is any discrepancy in the fee, the Commissioner is authorized to charge our Deposit Account No. 19-0733. Additionally, pursuant to 37 C.F.R. §1.97(e), the undersigned confirms that the Office Actions from related applications being submitted herewith were not known to any individual designated in §1.56(c) more than three months prior to the filing of this IDS. This could not be otherwise, given that the Office Actions were just mailed by the USPTO within the last three months. The listed references are being cited because they are cited in these Office Actions (and have not previously been made of record in the present case). Under these circumstances, it is respectfully requested that the listed references also be considered and made of record after allowance.

Respectfully submitted,

Christopher L. McKee
